About Me

I am a self-motivated and passionate Junior Developer with one year of professional experience in building scalable web applications. I possess strong programming and communication skills with a keen interest in learning emerging technologies. My goal is to contribute to organizational growth while continuously enhancing my technical expertise.

Work Experience

Junior Developer | Saazvat Technologies Private Limited (1 Year)

October 2024 – Present

Key Responsibilities:

- Designed and developed scalable web applications using Angular and Spring Boot.
- Integrated REST APIs and optimized backend queries for improved performance.
- Collaborated with cross-functional teams to enhance product functionality and user experience.
- Performed code reviews, implemented validations, and managed PostgreSQL databases.

Projects

A2L Calculator – Legacy Application Conversion

Objective: Migrated the Excel-based HVAC calculation tool into a modern, web-based application.

Highlights:

- Replicated and preserved all Excel formulas and logic in a web interface.
- Enabled dynamic input fields based on parameters like room specs and equipment type.
- Automated complex HVAC calculations to minimize manual errors and improve accuracy.
- Improved scalability and centralized updates for easy maintenance.

Sound Analyzer

Objective: Converted a legacy desktop application into a web-based sound measurement tool.

Highlights:

- Supported both ducted and non-ducted CLM devices with adaptive input fields.
- Streamlined the measurement process by integrating validation and automation.
- logic. Enhanced usability, data accuracy, and speed through modern UI design.

Technology Stack

Programming Skills:

- Programming Languages: Java, JavaScript
- Frameworks: Spring Boot, React
- Frontend: HTML5, Tailwind CSS, TypeScript
- Backend: RESTful APIs, Spring Boot, Hibernate
- Database: PostgreSQL
- Tools & Platforms: VS Code, IntelliJ IDEA, Postman, Git, GitHub

Education

- Rajalakshmi Institute of Technology
B.E Computer Science and Engineering (2020-2024)
CGPA: 8.24
- Sri Venkateshwara Matriculation.Hr.School
HSC (2019-2020)
Percentage: 76
- Sri Venkateshwara Matriculation.Hr.School
SSLC (2017-20218)
Percentage: 82
